# ROH

In the world according to ROH, 'good hair day' gets a major upgrade to 'great scalp day,' because we know that's where the real story starts: right at the root.

Our universal scalp and hair care range focuses on nurturing, protecting and repairing your scalp microbiome, with products rooted in hair science for your happiest, healthiest hair ever. Whether you're aiming to soothe that itchy scalp, reduce flaking or achieve healthier hair, our selection of actives work at the root of the problem. We are solution-focused, science-backed and obsessed with using the most efficacious ingredients inside our ROH Elixir.

# Keratin Smoothing

**Join us for Keratin Smoothing, where you'll unlock the secrets to achieving beautifully smooth, frizz-free hair that your clients will adore!**

This comprehensive session covers the fundamentals of the Keratin Smoothing System, including how it works and the benefits of the 3-in-1 system designed for versatility in treatments. You'll master essential application techniques for both the Express Service and the Anti-Frizz/Volume Reduction Service, as well as the specialised Keratin Plus Service for enhanced smoothing. We'll also address common challenges and solutions to enhance your troubleshooting skills. By the end of this workshop, you'll have the knowledge and confidence to offer keratin smoothing treatments that elevate your clients' hair and boost your salon's reputation.

**Don't miss this opportunity to take your styling expertise to the next level!**

# Advanced Grey Coverage

Join us for the **Advanced Grey Coverage**, where you'll dive deep into the intricacies of effectively covering grey hair while achieving stunning results.

This online session will explore the relationship between hair density and texture, allowing you to understand how these factors influence your colouring techniques. You'll learn about the role of activators and how to select the right percentages for optimal grey coverage. Additionally, we'll cover advanced methods for integrating fashion colouring with grey coverage, including using the 12 series for a seamless blend that enhances your clients' natural beauty. By the end of this workshop, you'll have the skills and confidence to provide exceptional grey coverage solutions tailored to every client, helping you elevate your colouring expertise to new heights!

# Fashion Colouring

**Elevate your creative colouring skills with Fashion Colouring Essentials.**

This dynamic class covers everything you need to create bold, fashion-forward looks using our innovative colour systems. Explore the vibrant Gala and C Series collections, perfect for crafting statement hues, and dive into the striking Colour Brights for those who want to make an impact. Master the art of using Liquid Gloss as a top coat to add incredible shine and dimension. Additionally, we'll cover essential Colour Support tools, colour safe principles, and techniques to ensure long-lasting, healthy results. Take your fashion colouring expertise to new heights with this comprehensive and creative workshop.

# Manic Panic

**Master the fundamentals of Manic Panic to create vibrant, creative colouring.**

Learn how to create the perfect base for bold and expressive shades. We'll guide you through key questions like: What colour are you wanting to achieve? Does the hair need to be lifted to a clean level 10? Do you need to pre-tone for the best results? You'll also explore whether the desired colour can be achieved over natural hair and when to adjust for different undertones. For warmer tones, discover how to apply them on a warmer base, while understanding that cool tones and pastels require a clean level 10 and may need to be pre-toned.

Gain the skills to bring any colour vision to life with confidence and creativity!

# The Scalp Solution

**Join us for The Scalp Solution, where you'll learn the importance of a healthy scalp as the foundation for beautiful, thriving hair.**

This session will cover everything from identifying common scalp conditions such as dryness, irritation, and dandruff, to understanding how to treat them effectively with the right products and techniques. You'll also explore NAK Hair's approach to identifying scalp concerns by focusing on three key categories: inflammation, stimulation, and balancing. Discover how scalp health influences hair growth, strength, and overall condition, and gain professional tips for maintaining and restoring balance. Whether you're addressing specific concerns or enhancing the overall wellbeing of your clients' hair, this class will provide the knowledge and tools to ensure optimal scalp health and vibrant, resilient hair.

# Healthy Hair Habits

Whether you're looking to strengthen your hair, enhance its natural shine, or simply maintain its health, this session has you covered.

We'll dive into the science behind healthy hair, share daily habits that protect and nourish, and explore the best treatments for all hair types. You'll leave with actionable tips and a personalised understanding of what your hair needs to thrive.

Don't miss this chance to elevate your clients' haircare routine with professional insight.
