Curriculum Overview

Every organization faces conflicts now and then; some more than others. Miscommunication, disagreements, and misunderstandings are inevitable, but when they are not resolved immediately, they lead to workplace issues that spread negative vibes throughout that can be toxic.

In this 5 course curriculum, you will learn how to define, prevent, acknowledge, discuss, and resolve conflict. We provide you the skills & strategies needed to lay a strong foundation, and resolve issues quickly with teammates and customers before it reaches that unbearable level.

Whether you thrive in a traditional classroom setting, prefer the convenience of online learning, or appreciate the flexibility of eLearning, our comprehensive training is designed to accommodate your unique needs.
