

Thank you for scheduling your range training/qualification with us!

Please fill out the next page and bring it with you to the range.

To renew your permit for Kern County, go online to

<https://kernca.permitium.com/ccw/start> and select either:

- NEW Concealed Carry Weapon License (for Initial)
- RENEW Concealed Carry Weapon License (for Renewal)
- MODIFY existing Concealed Carry Weapon License (to add a gun)

You will need to scan the following items:

- your driver's license
- your signed training certificate (provided at the range)
- this range qualification form (next page)

You can no longer list on your permit any guns registered to your spouse.

If you are renewing your permit, you must wait until you are within 30 days of your permit's expiration date to begin the sheriff's online renewal process. Also, be aware that your new permit expiration date will be two years after the date the clerk processes the renewal.

If you are adding a gun to your permit, you will need to list all guns you want to keep on the permit along with the gun(s) you are adding to the permit.

Finally, if you have questions for the licensing unit, here is their email:

[license@kernsheriff.org](mailto:license@kernsheriff.org) You can check their current hours here:

<http://www.kernsheriff.org/licensing>
