

# IT and Technical Skills

## Course Brochure

Choose the learning pathway that fits your schedule

1

### In-Person Live Programme

[In-person programme](#)

2

### Online Live

[5-day instructor led virtual programme](#)

3

### Hybrid Delivery Option

[E-learner with a live online scenario and assessment with our course coordinator](#)

## Why this course?

- ✓ Covers the four most in-demand technical skill areas in one structured programme
- ✓ Bridges the gap between technical knowledge and organisational implementation
- ✓ Combines hands-on tools training with governance, risk, and compliance best practices
- ✓ Delivered online or hybrid — practical and accessible for distributed teams

## Who should attend?

- ✓ IT professionals looking to broaden their technical and governance knowledge
- ✓ Managers and team leaders overseeing digital or technology-driven functions
- ✓ Business analysts and operations professionals working with data and digital tools
- ✓ Anyone involved in technology adoption, transformation, or compliance within their organisation
